IF YOU'RE LOOKING FOR A FUN FILLED SOCIAL ACTIVITY FOR YOUR STAFF OR SOCIAL CLUB LET URBAN ASSAULT SKIRMISH HELP YOU PLAN AN UNFORGETTABLE DAY

Urban Assault Skirmish is outdoor combat at its best.

We use the latest IR gaming guns made right here in Australia! The gaming guns shoot an invisible IR beam up to 150 metres!

And the best part is we don't battle it out in some dark old building, we battle in broad day light on a 30 hectare urban village!

With this modern technology it means that no smelly masks are needed, no bruises, no mess and no insurance hassles! This is an activity everyone will want to join in on!

- 2 ½ hours of combat missions
- 20 hectares of battlefield
- Camouflage uniforms
